

# Bible Verse

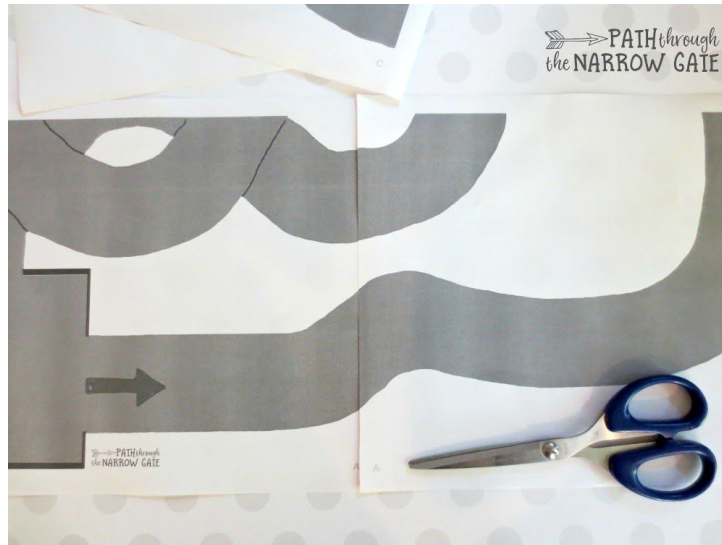

“While I am in the world, I am  
the light of the world”

John 9:5

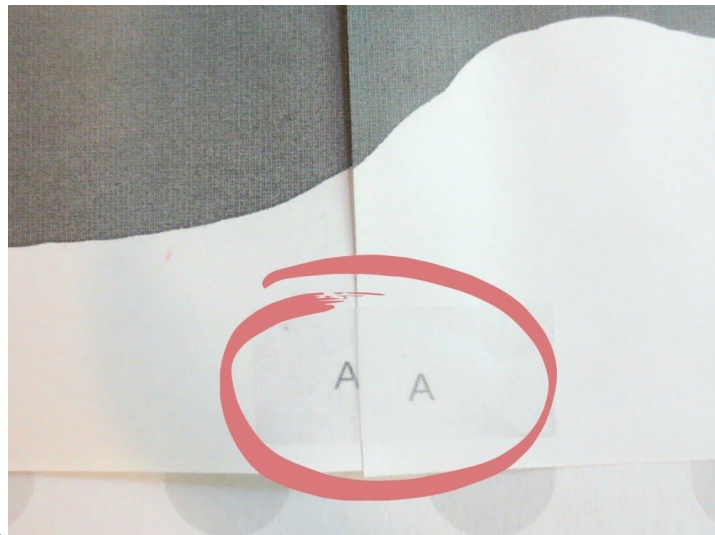

# Instructions:

Print the race track pages from [Bible\\_Verse\\_Race\\_Track \(1\).pdf](#) (273K). Cut the white border off the pages, as necessary, so that the pages will line up to make one "road".

Each outer page corner includes a letter. Match these letters to see how the track goes

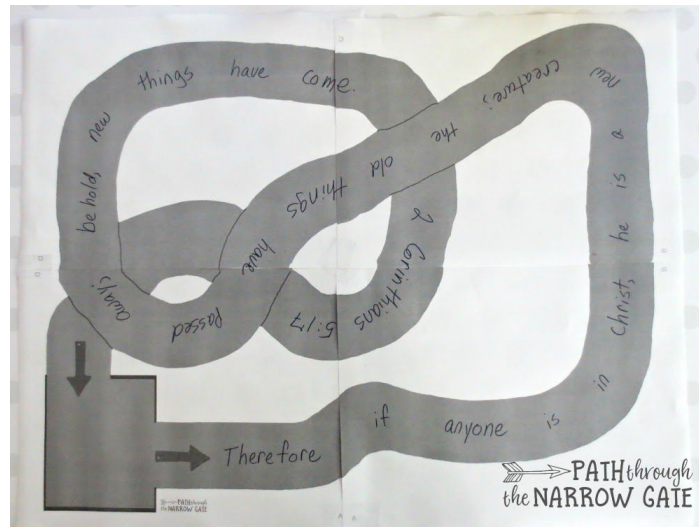

together.

Once the track is assembled correctly, tape it together.

Write the words of your verse around the track (don't be afraid to write big) or print and cut out the Bible verse from above and glue it around the track.

Encourage your kids to decorate their track as desired.

Here are some different ways to play:

- Encourage your kids to **draw their own houses, trees, ponds, or parks** around the roads.
- Have your older kids **write the verse** out themselves.
- Encourage younger kids to **sound out different words** as their car drives over them.
- Have your kids **read the verse, one word at a time**, as the cars drive over the words. Try it once, really slowly. Then, try saying the verse at racing speed.
- Have your child **cover a word with a stationary car**. Read the verse, remembering the covered word from memory. Then, have your child place another car over another word. See how many cars you can get on the road while repeating the verse without making a mistake.
- **Great ideas from Anna Joy - Path Through the Narrow Gate**
