

Bible Verse

“I am the resurrection and the life. The one who believes in me will live, even though they die.” -John 11:25

Bible Verse Tower Directions:

If age appropriate, have kids cut the cards out of the printable

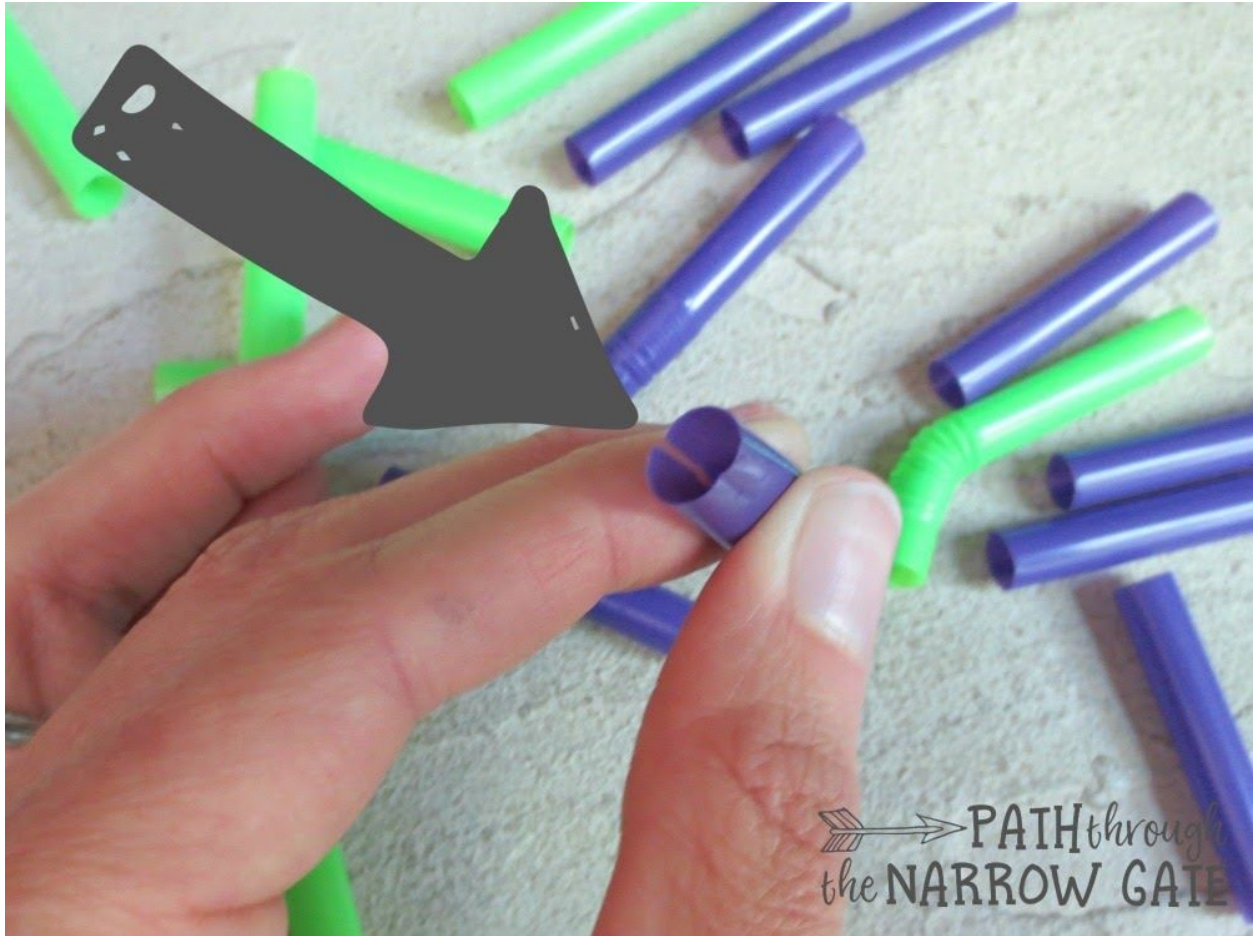

<https://paththroughthenarrowgate.com/wp-content/uploads/2017/06/Straw-Bible-Verse-Tower.pdf> , cutting along the thick black lines. Do not cut the dotted lines.

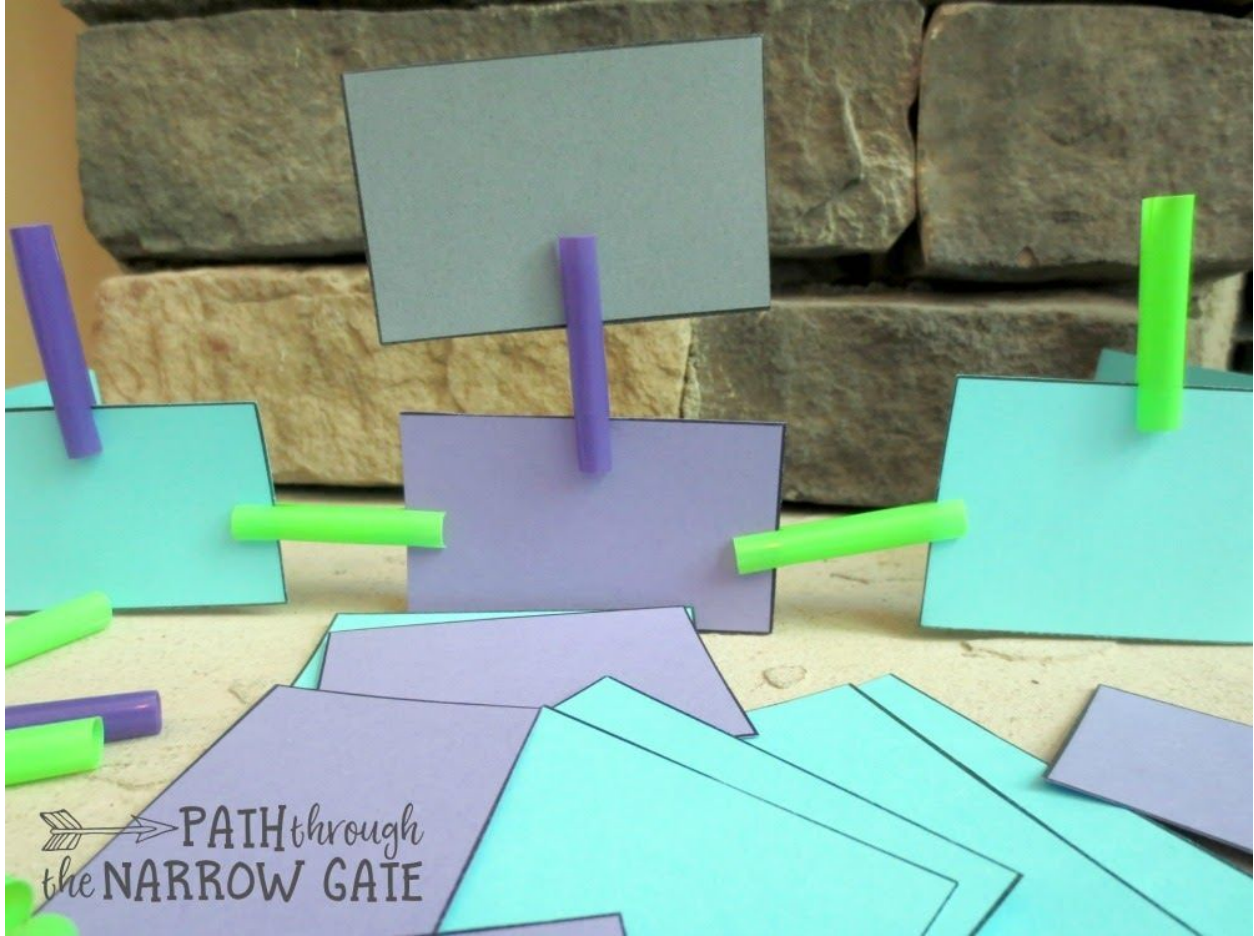

Cut the straws into approximately 1.5 inch pieces. If you are using bendable straws, save that bendable part.

In each straw section, cut into the straw slightly on each side, make your cuts point toward each other. If you have kids do this, make sure they are using rounded scissors so they don't cut themselves. This part can get a little tricky.

Once all of your straw sections are cut, it's time to play! Fold the longer rectangles along the dotted line. These pieces will make your foundation corners.

Encourage your kids to decide what kind of a structure they would like to make.

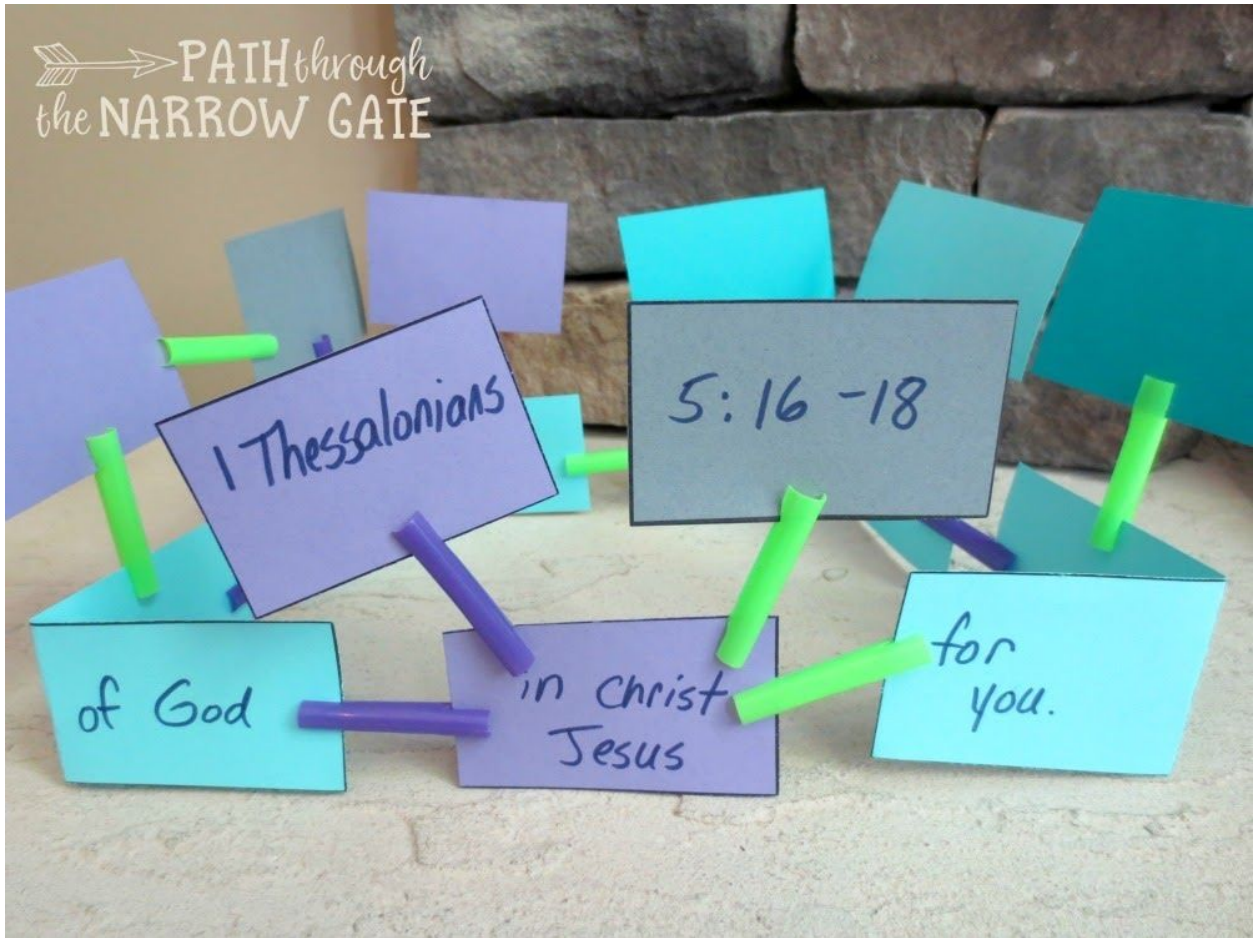

In the example above, you can see that I started building a smaller square tower, then realized that I left out a word.

No problem! I added it back in.

Once your kids have an idea of what kind of tower they will construct, they can pull it back apart and write the words to their verse on the cards. For longer verses, they may need to write a couple of words per card.

Short towers with wide bases are easiest to manage. The tower below has the words in order, wrapping around the 3-d shape.

→ PATH through
the NARROW GATE

But, if you have older kids who are up for the challenge, tall towers are a definite possibility!
