

*Lead us not into Temptation, but Deliver us from Evil*

**Christ Church Anglican  
Lent 2020**

**Session 4 Discussion Questions**

- 1) Screwtape writes that, “tortured fear and stupid confidence are both desirable states of mind.” What does he mean by this? What were some of the ways he suggested that Wormwood keep his “patient” in these states? How have you fallen to these temptations?
- 2) There was a prolonged discussion about sowing division in the church around worship styles and other secondary issues. Have you observed this play out in your own experience with church? How can we avoid falling into this temptation on our own?
- 3) Screwtape talks about a “gluttony of delicacy, not gluttony of Excess,” what does he mean by this? How can it, as he writes, be “artillery preparation for attacks on chastity?”
- 4) Letters 19 and 20 both concern the ways in which Screwtape and the demons have corrupted the idea of “love” and thereby turned sex and marriage into a destructive tool. What are some of the ways this has been accomplished?
